Summary

Results-driven Data Engineer with 2.5 years of experience designing scalable data pipelines, ETL processes, and real-time streaming solutions. Proven expertise in leveraging modern cloud platforms to improve data accessibility and accuracy while reducing costs. Strong team player with a focus on delivering actionable insights through data-driven decision-making.

Experience

Data Engineer, Nisum Consulting Private Limited

Aug 2022 – Present

Retail Data Transformation and Catalog Optimization:

Feb 2023 – Present

- Developed real-time data streaming solutions using **Kafka and Spark**, reducing data latency by **50%** for mission-critical applications.
- Engineered ETL pipelines to extract, transform, and load data from diverse sources, resulting in a **30%** reduction in data processing time.
- Implemented **AI-powered automation** for crowdsourcing product images, eliminating manual effort, and achieving unparalleled accuracy.
- Utilized Azure Data Factory and Azure Databricks for optimizing data workflows, increasing efficiency by **35%**.
- Utilized Python and SQL for data profiling, achieving a **95%** data accuracy rate.

Migration to Google Cloud BigQuery:

Aug 2022 – Jan 2023

- Led the successful migration of data pipelines from **Snowflake to Google Cloud BigQuery**, improving query performance by **20%** and reducing storage costs by **15%**.
- Automated validation checks to ensure data consistency and accuracy during and post-migration.
- Optimized data models and queries to achieve higher scalability and efficiency on BigQuery.

Technical Skills

- **Languages and Tools:** PySpark, Spark SQL, Spark Streaming, Python, SQL, Databricks, Datalake, BigQuery, Snowflake, Azure Data Factory, Dataflow, Dataproc, Google Cloud Functions, Microsoft SQL Server, MongoDB, Kafka, Hive, Hadoop, Java, Git, GitLab CI/CD, GitHub Actions, Jenkins.
- **Cloud Platforms:** Google Cloud Platform (GCP), Azure

Achievements

- Google Professional Data Engineer Certification
- Microsoft Certified: Azure Data Fundamentals (DP-900)
- Academy Accreditation: Databricks Lakehouse Fundamentals V2

Education

Bachelor of Technology in Computer Science

June 2018 – July 2022

Aurora's Technological and Research Institute

- President of Computer Society of India at ATRI (2021-2022). Led a community of students, organizing various hackathons and workshops.
